Experiences Worth Craving

About Us

CRAVE CO

Crave Co. started with a vintage horse trailer, a big idea, and a belief that the best part of any event is often what happens in between.

The spontaneous conversations. The late-night snack runs. The moments when guests gather around, laugh a little louder, and make memories they'll talk about long after the celebration ends.

What began as a candy cart quickly grew into something more: a collection of nostalgic, interactive experiences designed to bring people together. From sweet treats and salty favorites to stickers, custom details, and unexpected moments of fun, every Crave Co. experience is created with connection in mind.

Whether we're celebrating a wedding, corporate event, fundraiser, birthday party, or community gathering, our goal is simple:
Create experiences worth craving and memories worth keeping.
